

**Something's  
Different...**

**RESULTS YOU CAN SEE AND FEEL™**

Over the years, your skin becomes damaged by unavoidable exposure to sun and air pollution, stress, fatigue and even by lifestyle choices such as smoking. All of it keeps you from looking as good on the outside as you feel on the inside. Today, Fraxel® treatment offers the most advanced treatment to return skin to its original beauty.

**Rejuvenating your skin is more than a procedure. It's a science** – starting with the revolutionary Fraxel® treatment and continuing with a one-of-a-kind line of skincare products.

**MULTIPLE SKIN CONDITIONS**  
Treats melasma, acne scarring, sun spots and more

**TONE, TEXTURE AND PORE SIZE**  
Smooths and evens out skin tone and texture and reduces pore size

**ALL SKIN TYPES**  
Works on all types of skin including skin of color

**OFF THE FACE**  
Effective both on and off the face, including neck, chest and hands

**Ask your physician about Fraxel® treatment and the complete line of Skin Ecology products**

**FRAXEL SKIN SCIENCE**

A complete skincare solution with remarkable results.  
  
Results you can see and feel™.

**WE ARE THE ONLY COMPANY OFFERING SKIN SCIENCE. BECAUSE WE'RE THE ONLY ONE THAT CAN.**

**WE PIONEERED THE TECHNOLOGY**

Fraxel treatment is the first non-invasive skin rejuvenation treatment of its kind, delivering remarkable results with little to no downtime, discomfort or disruption to daily life. As the leader in the field, Fraxel treatment has a strong track record of research, FDA clearances and proven results. And it has the endorsement of top physicians. It's a safe, effective treatment you can trust. Fraxel treatment uses microscopic points of light to target precise areas well below the skin's surface to stimulate a natural healing process that produces collagen and elastin. The top layer of skin remains intact. Healing occurs literally from the inside out to reveal fresh, healthy skin.

**WE DEVELOPED THE MOST ADVANCED SKINCARE SYSTEM**

There's a face behind the Fraxel brand. Well, lots of faces – belonging to our scientists, physicians, engineers and clinicians who are dedicated to developing solutions for rejuvenating your skin. The latest is the new Fraxel Skin Ecology System, a unique line of skincare products designed specifically to enhance and extend the benefits of Fraxel treatment. Made with natural healing ingredients, this comprehensive regimen moisturizes, soothes and protects your skin – immediately following the procedure and long after. So there's no guesswork when you leave the physician's office.

**"Patients really like the mask after the treatment and wanted the products for home use"**

| Scott Gerrish, M.D., Washington, DC |
